Published by Travel Montana, in cooperation with Montana's travel industry.

Montana is a big state with dramatically different landscapes and physical features. For your convenience, we have divided the state into six vacation regions, each with attractions and scenic values that live up to its name.

Charlie Russell Country is the land memorialized by this famed western artist—cowboys and Plains Indians, buffalo, buttes, dramatic skies and the grand Missouri River. This is where the mountains meet the plains. **Phone: 1-800-527-5348.**

Custer Country is the site of the most famous Indian battle in U.S. history. Here, Lt. Col. George Custer lost his life in 1876 against an underestimated force of Sioux and Cheyenne warriors. Here, too, are vast cattle ranches, great rivers and Montana's largest city. **Phone: 406-665-1671.**

Glacier Country is Montana's northwest corner, where lofty mountains set the pace. Here, is magnificent Glacier National Park, watchable wildlife, wild rivers, scenic golf courses, wilderness and lakes scattered like jewels. **Phone: 406-756-7128.**

Gold West Country is Montana's southwest corner, where the West's colorful history comes to life in restored mining camps, mansions and union halls. Here, too, are fabled mountains, blue-ribbon trout streams and Montana's capital city. **Phone: 406-846-1943.**

Missouri River Country is Montana's northeast corner, where a great river sets the theme for a vast landscape of prairies, lakes, wildlife and waterfowl refuges. Here, everything is big, with ranches measured in miles. **Phone: 406-654-1776.**

Yellowstone Country is Montana's gateway to Yellowstone National Park. Its legendary rivers, majestic peaks, vast forests and wilderness areas make it headquarters for some of the world's finest trout fishing and outdoor recreation. **Phone: 1-800-736-5276.**
